How to create a bouncing ball in Scratch

Step 1 – Change your main sprite to a ball

Step 2 – Add the following script to your sprite:

How to create a Pong game in Scratch

												-		
												T		
						12	2							
23		-	28	1		1							4	
100	1.35						-							1
														1
				:	7/1						x	: -24	0 y :	18
	Sprit	tes			7/1			New	/ sp	rite:	×	: -24	• y:	18

Step 3 – Add the following script to the **Paddle**

Step 1 - Change the stage background and add two sprites, a Ball and a Paddle.

Step 2 – Add the following script to the Ball.
